2. Pen

Black or dark blue ballpoint or gel pen.
Not a pencil. Not a highlighter.

3. Write

Write inside the boxes and on the lines. Do not write on the printed text.
Small grey labels Z1, Z2 ... mark each writing zone.
English texts you can copy:

- Paid 12,500 on 3/4/2008

Arabic texts you can copy:

Digits for the invoice boxes: use some 7, 1, 5, 6 and 0.
Do not write real names, numbers or secrets. Use made-up data.

4. Scan

Put the pages in order (t1, t2, t3, t4) in ONE file. Keep each page straight, all four corners in view.
